

7167 Center Park Drive (MACU Training Center—**Mar 2013 ACUIA Meeting will be held here)**

7181 S Campus View Drive (MACU Corporate Office; where we normally meet)

Drive as if you're going to our corporate office, turn on Campus View drive as you normally would, but instead of an immediate right up the ramp, continue forward for about 250-300 ft. There will be a parking lot on the left hand side of the street, park there. The training building is right across the street from our corporate office (on the west side), so it's hard to miss!
